## Welcome

We at the Old City South Neighborhood Association (OCSNA) would like to welcome you to the neighborhood. We are so glad you have chosen to make St. Augustine your new home, and we hope to make your transition easier.

The City of St. Augustine, America's oldest city, is made up of many unique and historic residential neighborhoods. Many, including ours, feature properties listed on the National Register of Historic Places. These neighborhoods are what make St. Augustine a living city, and not just a tourist destination.

The Neighborhood Council of St. Augustine (*ncstaug.org*) acts as an umbrella organization for these individual neighborhood associations. The Council not only shares information between and among neighborhoods, it acts as an effective conduit between the City and its residents.

It's important to note that OCSNA is NOT a homeowners' association, and membership is purely voluntary. We are simply an organized group of local homeowners and renters who wish to stay informed on local issues and enjoy each other's company. We hope you join us.
